

LIFTA STAIRLIFTS

Gain more independence with Lifta

Lifta stairlifts will enable you to independently manage the staircase in your home. This will allow you to remain in your home and familiar surroundings for years to come.

Lifta Solus – superior technology

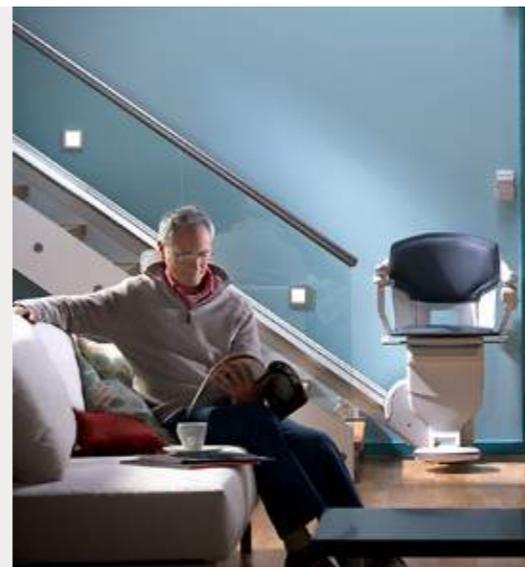

The Lifta Solus operates with advanced stairlift technologies and a modern design. This stairlift will be a perfect addition to your home.

You can choose from a comprehensive selection of attractive materials and colours that perfectly match your home and furniture.

LIFTA STAIRLIFTS IN SOUTH AFRICA

Lifta offers numerous stairlifts for both straight and curved staircases. The product range features stairlifts for every taste and purpose. Lifta stairlifts have great features, which will make mobility in your home easier and less time consuming. The safety and reliability of Lifta stairlifts are assured by proven German engineering and intensive quality control processes.

Lifta Starla – popular and modern

The Lifta Starla is a highly resilient stairlift, which is characterised by its solid design. One important feature is the robust double rail system on our curved stairlift model. This rail system is designed to handle weight up to 135 kg.

You can rely on your Lifta at any time.

Lifta Siena – solid and intelligent

The Lifta Siena is equipped with a swivel seat, in order to enable you to access your stairlift safely. When parked, your Lifta is also controllable: If the Lifta is parked out of reach, it can be easily retrieved with the remote control.

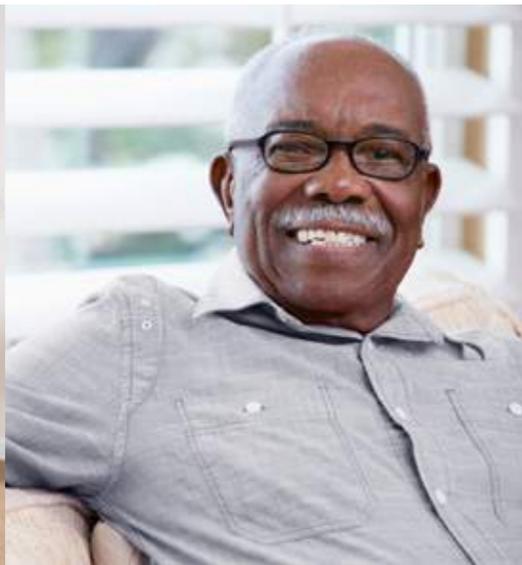

Lifta VARIO – a perfect match

The new VARIO sets outstanding standards for rail design and flexibility. The VARIO can be adjusted to your needs and can be installed in just a few hours. An experienced and well trained Lifta technician will quietly and neatly mount the chair to your staircase.

Lifta Satio – waterproof and UV-resistant

With the all-weather resistant Lifta Satio your outdoor staircase is no longer a challenge. Are the stairs wet and slippery? You will no longer face any problems whilst entering your home. The stairlift is made of UV resistant material and easy-care duroplastic to ensure mobility for years to come.

Lifta VARIO.
The flexible
stairlift system.

All-weather
resistant

Easy to use –
safe and reliable

PRACTICAL

The safety belt can easily be fastened with one hand and ensures your safety at all times during the ride.

TOUGH

The control lever is so robust and sturdy that you can even lean your weight on it.

INTELLIGENT

Your Lifta stops as soon as it detects any obstacle. Automatically, gently and safely.

SPACE-SAVING

The Lifta stairlift saves space on the staircase as it is easily foldable with one hand.

ADJUSTABLE

The armrests can be adjusted to your preferences.

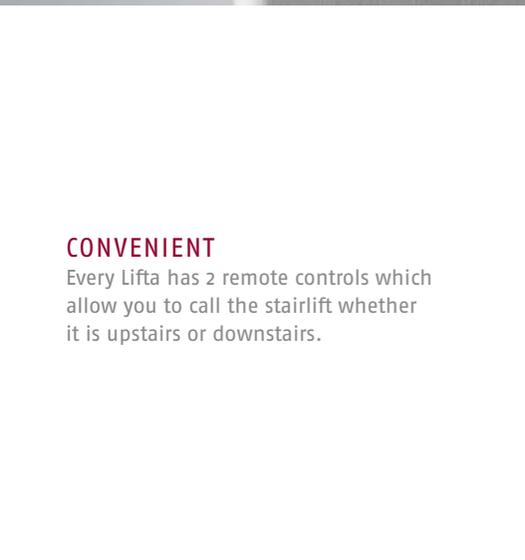

INNOVATIVE

Designed with modern technology for ease of use.

FLEXIBLE

In the "park" position the footrest can be folded away by pressing a button.

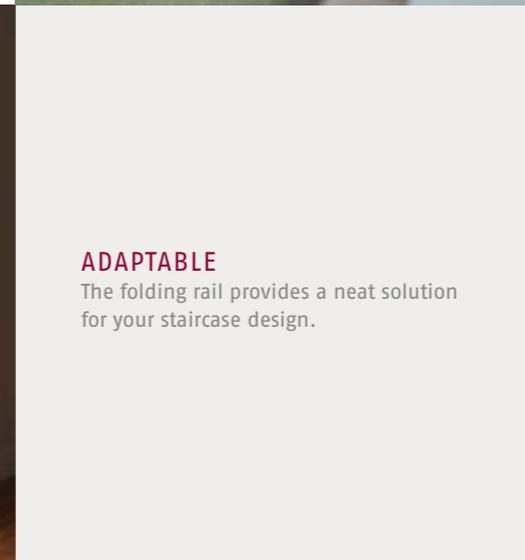

CONVENIENT

Every Lifta has 2 remote controls which allow you to call the stairlift whether it is upstairs or downstairs.

SAFE

The seat swivels for ease of use when getting on and off the stairlift, making it safe and secure.

ADAPTABLE

The folding rail provides a neat solution for your staircase design.

Safety – innovative and unique

For your own safety, the stairlift only allows you to begin the journey after you have sat down.

Another feature that is exclusively available on the Lifta stairlifts range is the unique seat sensor which does not allow the chair to move until you are safely seated. This is only available on the Lifta range of stairlifts.

A comfortable and perfect fit

Lifta Basic offers you maximum riding comfort. You determine the seat width yourself. You choose the right size for your requirements. We supply your Lifta Basic with the perfect seat at no extra charge for a safe and comfortable ride every time.
